

## “When My Uncle Touched Me”

*When my uncle touched me,  
I thought it was divine  
I had just turned twelve  
He was thirty-nine*

*When my uncle touched me,  
Things began to bloom  
My uncle would come visit  
And head immediately for my room*

*Oh, how he would stare  
When I first got armpit hair*

*I asked my mother why my uncle never took a wife  
She said as a bachelor he's confirmed  
He leads a different kind of life*

*My uncle is so pure  
He's not a drinker or a gambler  
And not only that,  
He is president of NAMBLA*

*My uncle would take me to the park and take me to the zoo  
For his favorite nephew, there was nothing he wouldn't do*

*My uncle bought me a camera,  
It was digital and neat  
The first photos taken were of me,  
Naked from head to feet*

*When my uncle touched me,  
He was gentle, not a beast  
And later on he told me,  
He once contemplated being a priest*
